

Project-Based Curriculum Planning Guide

Topic:

Grade Level:

Estimated Time:

If you plan to use an online project or prepared webquest, what is it? List the URL and a brief description:

What is the theme or overarching idea for this project?

What are the content standards that students will learn in this project?

What are the skills students will learn in this project?

What are the dispositions students will demonstrate in this project?

What resources are available for this project? Where are they saved online? Give the URL:

List the activities that will be used as part of this unit. Which ones will be teacher led? Which ones will be student directed?

How will students demonstrate their knowledge, skills and dispositions?
